People with time for Children

7th September 2016

Dear Parents,

Over the past few months we have been asked by a number of parents about providing Breakfast and after school clubs for our children. Before we go too far with our plans we need to know if there is enough interest to make this viable for the school as we will only be able to run these clubs if they are self-funding.

From discussion with other schools they charge between £3.50 and £5.00 per session and parents need to book and pay at least a week in advance of sessions. The Breakfast Club would start from 8.00 a.m. and we would provide cereals / toast / drink and carry out quiet activities i.e. drawing, reading and homework.

The afterschool club would start at 3.00 p.m. until 4.30 p.m. and would be in addition to the after school activity clubs we run. Children will be able to join after school clubs i.e. 4.00 p.m. – 4.30 p.m. if needed for a reduced cost.

I would be grateful if you could complete the attached and return to school by Monday 12th September 2016

Many thanks
