AT YOUR SCHOOL!

Dear Parents/Guardians

SMASH HIT Songwriting School offers primary school children the chance to learn how to play an instrument of their choice, develop advanced musicianship skills and to learn how to write, record and release their own original songs in an inclusive and accessible environment.

SMASH HIT is a great way for children to take ownership of their education. It is an opportunity for them to have fun whilst learning, to express themselves creatively, to collaborate as a team, to develop confidence and wellbeing and even enhance their overall academic achievement.

Here's the key information:

- **Learn to play an instrument**

In groups of up to five children, your child can learn their choice of vocals, keyboard, guitar, bass or drums in a way that is fun, accessible and engaging for young minds.

- **Learn to write a hit song**

Your child will learn how to write, record and release a hit song for the very first time in primary schools. In addition to this, your child's confidence will grow rapidly as they hone their voice and learn to creatively express themselves through music.

- **End of the year performance**

As well as receiving a digital version of your child's original song at the end of every school term, at the end of the school year, there will be a SMASH HIT live concert to celebrate the end of year album release on **Spotify, Apple Music, Amazon Music** and more.

- **Happily affordable**

Charged at £9.25 per lesson with a money back guarantee for your first month, SMASH HIT only charges for the lessons your child can physically attend. Not only is it more affordable than its competitors but it is also less than half the price of a private music lesson.

To sign up your child, you can visit the link below. Places are offered on a first come, first served basis and are highly popular. By selecting multiple instrument options, this will give you the best chance of securing a place.

Kind regards
Oscar Wenman-Hyde
