

## Space Week

### Can You Have a Tea Party in Space?

You can have soup in a bag and drink it through a straw for a starter.

For the main course you could have wraps filled with peanut butter and jam

For dessert you could have Skittles 😊

### **What 5 Items would I Take to Space?**

- ✚ Skittles – because I love them
- ✚ My teddy- because I sleep with her
- ✚ Family picture – so I wont miss them
- ✚ Book – so then I wont get bored
- ✚ Camera – so the I can take pictures

### **Apply to be an Astronaut**

To Whom it May Concern

I think that I would be a good Astronaut because I love space and sometimes I look out of my window and look at the stars. I would obey everything the comander told me and my crew to do, other wise something could go wrong and it could be our fault.

I have always wanted to see the Milkyway so being a Astronaut would be a life time oppurtunity. I would work well wih my team so then we can stay safe and make sure we do what the commander told us to do. I'm good at remembering stuff so if a crew member forgot something I would remind them. This is my dream Gob so please give me this job and if you do I wont let you down

Your sincerely

K
