Loving one another, building each other up

15th June 2026

Dear Parents and Carers,

As part of our Design and Technology topic on eating seasonally, the children will have the opportunity to explore a variety of seasonal fruits and vegetables. They will develop their food preparation skills by practising peeling, chopping, and tasting different ingredients before using them to make a seasonal fruit or vegetable tart.

This is a valuable hands-on learning experience that will help the children understand where food comes from, how ingredients change throughout the year, and how to prepare food safely.

If your child has any food allergies, intolerances, or dietary requirements that we should be aware of, please let us know as soon as possible so that we can make appropriate arrangements. We are planning to start practical lessons from the week commencing 22nd June 2026.

Thank you for your support.

Kind regards,

Hayley McGoldrick

Head Teacher: Mrs Hayley McGoldrick
