Some handy hints!

 Themed around the Disney-Pixar classic *Ratatouille*, **Bistrot Chez Remy** is one of the most popular restaurants at Disneyland® Paris. Make sure you book early so you don't miss out on this uniquely themed dining experience.

FP The Twilight Zone Tower of Terror™ is an unmissable ride for all thrill seekers. As a Disney® Hotel guest, take advantage of the Extra Magic Hours and head over early to reserve your FASTPASS® slot for this hugely popular ride.

 No need to miss out on our thrill rides if your little ones are too young to ride. Our **Baby Switch** service allows you to take turns on the ride, without having to queue again—see opposite for more details.

i While most attractions at Disneyland® Paris are suitable for everyone in the family, we recommend checking height and age restrictions before promising young ones they can ride. Consult your park map or ask one of our Disney Cast Members who'll be happy to help!

Make the most of your time in the Disney® Parks

Baby Switch

This handy feature allows adult guests to take turns waiting with youngsters unable to ride. For instance, if a child doesn't meet the height requirement, or doesn't want to ride a particular attraction, no problem! With Baby Switch, one adult can wait with the non-rider(s) while the rest of the party enjoys the attraction. When the other adult returns, they can supervise the non-riding guests, and the waiting adult can board the attraction without having to wait the full time again!

Baby Switch is available at selected attractions in both Disney® Parks.

Single Rider Queue

Just because you can't persuade the rest of your party to go on an attraction, doesn't mean you have to miss out! Single Rider Queues are offered on some attractions and are great for those who don't mind riding on their own. These queues are usually faster, which means you get to the fun sooner!

You can use the Single Rider Queue service on the following attractions:

-  Space Mountain®: Mission 2, Discoveryland
