LITTLEDEAN RECREATION GROUND REGENERATION

The recreation ground on **Sutton Road** is crying out for some love. Right now, it's home to an aging, borderline-apocalyptic skate park. We want to rip it out and replace it with something useful: an **all-weather play area** with **football goals**, **basketball hoops**, and space for proper games - the kind that get kids (and maybe even a few grown-ups) moving...

- **Are you passionate about Littledean?**
- **Are you passionate the health and development of local kids?**
- **Do you have skills and time that you can contribute to a fabulous community project?**
- **Can you spare a few hours a fortnight?**
