

SKULDUGGERY PLEASANT

A POWERPOINT BY SAM JEWITT

The Author and Illustrator

Derek Landy is the author of all 10 Skulduggery Pleasant books and Tom Percival is the illustrator. They both have had experience in making books as Derek has written the Demon Road trilogy and Tom has written some younger age-based books like A New Home for Mr tipsps and the Little Legends series.

Why I like Skulduggery Pleasant.

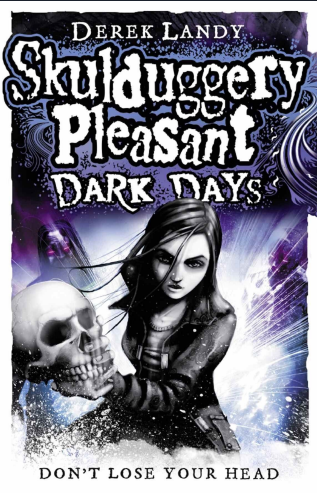

The reason i like these books so much is because i absolutely love fantasy books and Skulduggery Pleasant just happens to be one. I also like it because there's a lot of magic and cliffhangers in the books, Skulduggery Pleasant has sort of a character that has quite a bit of humour and he doesn't give kindly to vampires, he wears a hat like a Fedora, a scarf to hide his skull face, a jacket, shirt, tie and jeans. This appearance is why i'm dressing up as him for halloween.

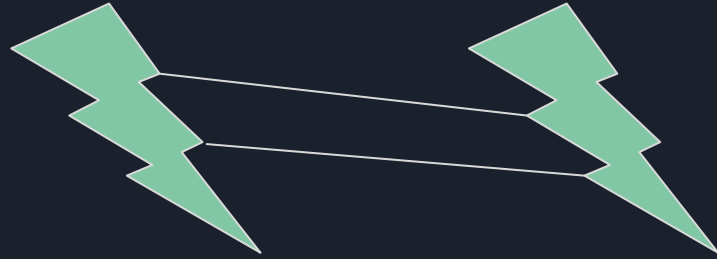

The books i've read.

The books that I've read at the moment are: Skulduggery Pleasant, Playing with Fire, The Faceless Ones and Dark Days. They are all amazing books, these are the main characters in the books, Skulduggery, Stephanie Edgley, Tanith Low and Ghastly Bespoke.

The End!

THANK YOU!!!!!!!!!!!!
